Cristobal Salted Cod

Our premium line of Cristobal® brand salted cod is sure to meet the discriminating tastes and culinary needs of customers looking for traditional codfish. Available as fillets, chunks, or as random weight pieces – we've set the standard by which all other salt fish is judged.

A Living Tradition.

With its rich New England legacy, Cristobal Salted Cod is our original brand of salted fish. Deliciously firm with large white flakes, it holds up well during cooking and retains its unique cured flavor.

Considered the "real deal," Cristobal Salted Cod or "Bacalao" is highly popular among Spanish, Latino, and other European ethnic consumers, using old-world recipes passed from one generation to the next. Product is typically freshened in a water soak for up to 24 hours before cooking. All packaging is in both English and Spanish.

Always wild-caught, Cristobal is a year round item that is especially popular at the holiday dinner table during Easter, Lent, and Christmas.
